In April 2019, Dr Riza Kadilar, EMCC Global President announced the redesign of the EMCC Global Social Responsibility programme by saying:

'EMCC Social Responsibility has been redesigned to be the framework for our global initiatives for the benefit of society at large. We count on your active contributions in that domain, with your local and regional projects as well, so that we can further develop a much larger impact.'

Our Social Responsibility report for 2020 shows how we have delivered on this vision with substantial increases in our global impact for protecting the environment, social responsibility programmes, diversity & inclusion, ethics, and Covid-19 support.

And our plans continue to increase our impact for 2021!
