

Here's What Our Members Say...

'Membership of EMCC has provided me with a network of fellow professionals who are passionate about one-to-one development and who are prepared to work for the profession as well as have the profession work for us.'

PROFESSOR DAVID MEGGINSON
Founding member and Special Ambassador

'Having done the very tough work to apply for my EIA, I feel my coaching ability has grown a lot due to the application process. My awareness of my strengths and weaknesses have also been highlighted during the process and I know that today I offer my clients a high standard of coaching'

GUNILLA ABRAHAMSSON
EMCC Member, Sweden
EIA Senior Practitioner

'Though I am one of the earliest ICF PCC credential holders from India, I found great value in becoming an EMCC member given its credibility and benefits. I already have published peer reviewed articles in its reputed journal, co-ordinated an eConference and am now in the process of co-authoring books and applying for an EQA. A truly joyful journey in learning.'

RAM RAMANATHAN
